# Breath (Ya-Hu) / Prayer Circulation Start with Heart

Heaven

I synchronize my intention to be the same as divine intention. God I am your child Living on earth serving you and I. Please allow love, joy, peace, and compassion gush through my heart and I filter every thought, emotion, and physical challenge through the lens of love, joy, peace, and compassion

Earth

## Note:

- Inhale and Exhale (Ya-Hu) on the heart
- Welcome every thought, emotion, and physical challenge that arise. Instead of denying, suppressing, riding, and spinning with them just accept them, hold, hug, and squeeze them. Wish them fair well and release them to divine
